

Superior technologies for your large-format digital workflow with increased productivity by 300%

## Designed for productivity, while capturing every detail

### HD Ultra delivers the best quality large-format images in the world

Get the fastest large-format scanner on the market, designed to meet the needs of high-productivity archiving teams, scanning professionals and reprographics departments etc.

Contex HD Ultra has advanced CCD technology, and is the only wide format scanner with the ability to process the entire range of 48-bit color data, ensuring the most accurate images.

Combine the HD Ultra with our award winning Nextimage software including SnapScan to scan – enhance – save.

Choose between 36 or 42 inches width, each in three different configurations. Available as complete ScanStation solution with software, touch-screen and ergonomic stand.

HD Ultra scanners for high productivity and unmatched quality

Scan thick originals with automatic thickness control (ATA)

Support your documents with paper feed guides

Easily adjust paper pressure to protect fragile documents

Contex HD Ultra awarded Best Wide Format Scanner

Simply the best large format scanner available
